

Rebate Application

HVAC Efficiency Program

The Atlantic City Electric (ACE) HVAC Efficiency Program provides rebates for the installation of high-efficiency HVAC equipment to residential customers of Atlantic City Electric. This equipment must be installed by a qualified contractor, be ENERGY STAR® certified, and must meet or exceed all additional requirements. Please submit one application per unit. **Customers will need to complete this application and email it to ACErebates@clearesult.com or mail to:**

CLEAResult
PO Box 339
Iselin, NJ 08830
Attn: ACE Rebates

The following must be submitted with the rebate application:

1. A paid invoice dated between July 1, 2021 to June 30, 2024, indicating the type of equipment, installation date, purchase price, model, and serial numbers.
2. An Air Conditioning, Heating and Refrigeration Institute (AHRI) certificate, including unit model number, capacity, and efficiency performance ratings. All minimum efficiency ratings must be met to qualify for a rebate.

Customer Information

Name (Account holder on record):		Account Number:	
Installation Address:

Rebate Application

HVAC Efficiency Program

Please ensure all fields are complete. Incomplete information could delay or disqualify your rebate.

HVAC Energy Efficiency Systems

Minimum Efficiency Requirement	Manufacturer	Condenser Model No. Outside Unit	Condenser Serial No. Outside Unit	Coil Model No. Inside Unit	AHRI Certificate No.	Rebate Amount
Central Air Conditioner						
SEER ≥ 16, EER ≥ 12.5						\$300
SEER ≥ 18, EER ≥ 13						\$500
Was the replaced equipment operational?	<input type="checkbox"/> Yes <input type="checkbox"/> No					
Did you install a furnace with your central air conditioner?	<input type="checkbox"/> Yes <input type="checkbox"/> No <input type="checkbox"/> Furnace is existing <input type="checkbox"/> Furnace Model Number _____					
If your AHRI reference number includes a furnace, please provide the furnace model number as this information is required to qualify for the central air conditioner rebate.						
Air Source Heat Pump						
SEER ≥ 16, EER ≥ 12.5, HSPF ≥ 9						\$600
SEER ≥ 18, EER ≥ 13, HSPF ≥ 10						\$1,000
Was the replaced equipment operational?	<input type="checkbox"/> Yes <input type="checkbox"/> No					
Did you install a furnace with an air source heat pump?	<input type="checkbox"/> Yes <input type="checkbox"/> No <input type="checkbox"/> Furnace is existing <input type="checkbox"/> Furnace Model Number _____					
If your AHRI reference number includes a furnace, please provide the furnace model number as this information is required to qualify for the heat pump rebate.						
Mini-Split Heat Pump						
Single: SEER ≥ 20, EER ≥ 12.5, HSPF ≥ 10						\$400
Multi: SEER ≥ 18, EER ≥ 12.5, HSPF ≥ 10						\$400
Was the replaced equipment operational?	<input type="checkbox"/> Yes <input type="checkbox"/> No					
Is this item the primary or secondary HVAC system?	<input type="checkbox"/> Primary <input type="checkbox"/> Secondary					
Ductless Mini-Split A/C						
SEER ≥ 20, EER ≥ 12.5						\$500
Was the existing equipment operational?	<input type="checkbox"/> Yes <input type="checkbox"/> No					
Is this item the primary or secondary HVAC system?	<input type="checkbox"/> Primary <input type="checkbox"/> Secondary					

Rebate Application

HVAC Efficiency Program

Measures	Minimum Requirements	Manufacturer	Model No.	Serial No.	Rebate Amount
Furnace Fan Motor	Purchase and installation of a high efficiency brushless permanent magnet fan motor(BPM) or electrically commutated motor (ECM) to replace a permanent split capacitor (PSC) motor. Only eligible on existing equipment.				\$100
Does the residence have central cooling?		<input type="checkbox"/> Yes <input type="checkbox"/> No			

Measures	Minimum Requirements	Manufacturer/ Model No.	Serial No.	If smart thermostat controls natural gas heating, choose Gas Utility	Gas Account No.	Rebate Amount

LMI Verification Acknowledgment

By signing here, I acknowledge that the proof of information provided to my installation contractor and selected above is accurate. I understand that I may be contacted by ACE to confirm and verify proof of eligibility at a later date. Furthermore, I understand that if I give false information or withhold information in order to make myself eligible for benefits that I am not entitled to, I can be prosecuted to the fullest extent of the law.

HVAC Equipment Terms and Conditions

1. The applicant for Atlantic City Electric's HVAC Efficiency Program ("Program") rebate, the details of which are provided in the application to which these terms and conditions are attached and at atlanticcityelectric.com/WaysToSave, must be a residential customer of Atlantic City Electric ("Customer").
2. Rebate applications are valid only for qualified high-efficiency electric equipment purchased and installed beginning July 1, 2021, through June 30, 2024. The requirements for qualified equipment may be found in the tables on the second page of the rebate application and such equipment must also meet the requirements of Section 6 below.
3. The rebate application must be submitted within 120 days of installation of the qualified equipment.
4. It is the responsibility of Customer to assure that all requirements for the rebate are met. Failure to provide any of the required information will prevent or delay processing of your application. Please submit one rebate application per unit.
5. Rebate payments are based on the equipment installation date. Customer must abide by the rules and rebate levels in effect on the date of installation. Rebate levels cannot exceed the cost of the equipment.
6. The efficiency levels of the qualified equipment are based on the Air-conditioning, Heating, Refrigeration Institute (AHRI) certified performance criteria of an outdoor unit and indoor coil (and/or furnace/blower) working together. These ratings are found on the AHRIdirectory.org website. All ENERGY STAR certified equipment must be listed at energystar.gov in order to participate in this Program. Both the outdoor unit and coil/indoor unit must be replaced and installed as a matched set.
7. The rebate payment will be issued to the account holder at the mailing address on record with Atlantic City Electric or to the submitting contractor as assigned by Customer through their signature on the rebate application.
8. Please allow up to 60 days from the date all required information is received to process your rebate(s).
9. All rebated equipment must be installed and used at Customer's service address specified on the rebate application.
10. Program procedures, requirements and rebate levels are subject to change or cancellation without notice and are subject to available Program funds.
11. By participating in Atlantic City Electric's energy efficiency and peak demand reduction programs, Customer agrees Atlantic City Electric will maintain ownership of all Capacity Rights from electric savings measures. Capacity Rights are the demand reduction associated with any energy efficiency and peak demand reduction measure for which incentives were provided by Atlantic City Electric, which will aggregate these energy efficiency demand reduction attributes into the PJM capacity market as appropriate, with proceeds being used to reduce its customers' costs for the programs.
12. If applying for incentives for natural gas and electric measures at the same time through Atlantic City Electric, Customer is prohibited from applying for the same incentive with their gas company.
13. Atlantic City Electric and/or their designees including Program administrators and evaluation contractors reserve the right to review installations for equipment subject to the rebate to verify completion and measure energy savings to ensure compliance with all Program requirements. Such reviews will be made at a time convenient to Customer. Misrepresentation of installation location or measure eligibility may result in forfeiture of the rebate.
14. Installations of equipment subject to the rebate must be completed in accordance with all laws, codes, and other requirements applicable under federal, state, and local authority.
15. Customer is urged to consult a tax advisor concerning any tax liabilities that could be associated with the receipt of the rebate.
16. Customer agrees that Atlantic City Electric may include Customer's name, Atlantic City Electric services and resulting energy savings in reports or other documentation prepared for Atlantic City Electric and/or submitted to the New Jersey Board of Public Utilities. Atlantic City Electric will treat all other information gathered for this Program as confidential and report it only in the aggregate.
17. Atlantic City Electric and/or its designees, including program administrators, do not endorse any particular manufacturer or product as part of this program.
18. The liability of Atlantic City Electric is limited to paying the rebate, subject to the requirements of the Program and these terms and conditions. None of Atlantic City Electric and CLEARresult (the Program implementer), their respective parents, subsidiaries or affiliates, or their respective officers, employees, contractors, or agents assume any liability or responsibility for the performance of the equipment subject to the rebate or any equipment warranty, the quality of the installation work, labor and/or materials supplied, and/or the acts or omissions of any participating contractor in the Program, nor for any consequential or incidental damages, or for any other damages connected with or resulting from Customer's participation in this Program.
19. Customer hereby agrees to indemnify, defend, and hold harmless, Atlantic City Electric, its parents, subsidiaries and affiliates, and their respective officers, employees, and agents from any and all liability associated with this Program.

Acknowledgment

By signing and submitting this application, I agree to the terms and conditions of this document and certify that the information I have provided is true and accurate.

PSE&G HVAC Instant Rebate Program

Customer Participation Agreement

CUSTOMER SIGNATURE IS REQUIRED

This Customer Participation Agreement (“Agreement”) sets forth the proposal for the undersigned utility customer (“Customer”) to participate in the PSE&G HVAC Instant Rebate Program (the “Program”). The Customer hereby proposes to have the HVAC Instant Rebate contractor listed below in the Proposal, who is an independent home improvement contractor (the “Contractor”), perform certain energy-efficient home improvements (the “Project”) for which the Customer may be eligible for an HVAC Instant Rebate from PSE&G. Details of this Program, including measures and rebate levels, are subject to change or cancellation without prior notice. Funds for the Program are limited and available on a first-come, first-served basis. The contractors who participate in the Program, including the Contractor, may provide a warranty for their work. Neither PSE&G nor the entities it has contracted with to implement the Program (“Program Implementers”) or other New Jersey utilities that may partner with PSE&G or each other on the Program (the “New Jersey Utilities”) warrant the products or services of participating contractors.

APPLICATION/DOCUMENTATION: The incentive claim form, online application, and any required additional documentation, including the homeowner-contractor agreement, must be filled out completely, truthfully, and accurately by the participating Contractor. The Customer should retain a copy of this document and any accompanying documentation submitted to the Program. PSE&G will not be responsible for lost documentation pertaining to this application request. Associated documentation, which must be submitted within 30 days of the installation’s completion, will be required in order to qualify for an HVAC Instant Rebate.

ELIGIBILITY: This offer is valid for PSE&G customers with residential accounts who are applying through PSE&G’s Program only. Customers must receive electric and/or natural gas service from PSE&G. This offer is not valid for new construction, commercial properties, or commercial accounts. Projects must be installed in the PSE&G service territory by a contractor who is in good status as a participating contractor in the Program. If applying for incentives for natural gas and electric measures at the same time through PSE&G, it is prohibited to apply for the same incentive with another electric or gas company.

APPROVAL, VERIFICATION, AND INSPECTION: Prior to the payment of any HVAC Instant Rebate, PSE&G reserves the right to require that the Contractor verify that the installed energy-saving measures meet all applicable building codes; zoning laws; local, state, and federal requirements; and other relevant requirements. The Contractor is responsible for any applicable permits as required by aforementioned codes/laws. Outdoor temperatures may affect this verification process. The Customer’s home may also be selected for a quality control post-installation inspection by PSE&G. No warranty is made, nor should one be implied, as a result of such inspection.

PROOF OF PURCHASE: In order for a Project to qualify for an HVAC Instant Rebate, a copy of an agreement or invoice for eligible HVAC Instant Rebate measures between the Customer and the Contractor must be submitted to the Program as proof of purchase. The contract copy must include a detailed scope

of work indicating HVAC improvements (type, make, and model and serial numbers), water heating measures (type, make, and model and serial numbers), applicable pricing per measure, instant rebate amount provided, home location, and date of installation.

HEALTH AND SAFETY: If any health and safety issues are found at the time of qualifying the Project or thereafter, and if these issues require remediation prior to commencement of the Project, a Program participating Contractor must verify that the proper remediation has been completed prior to starting the recommended HVAC Instant Rebate work. If any health and safety issues are found at the time of installation, the Project will not be considered complete until the Contractor submits documentation that proper remediation of the health and safety issue has been completed.

RIGHT TO REFUSE: The Contractor has the right to refuse service or end the delivery of service if confronted by a Customer acting inappropriately or when facing a situation deemed potentially unsafe or harmful to health or well-being. “Inappropriate” includes but is not limited to the following: unreasonable demands for service, personally threatening or offensive language, threatening or erratic behavior, and personal contact. The Contractor reserves the right to vacate any premises, or vicinity therein, deemed potentially unsafe or harmful to health or well-being.

PAYMENT: The Contractor will provide the Customer’s rebate payment in the form of an instant discount at the time of installation, as reflected on the Customer invoice. No rebate checks will be issued to the Customer.

ADDITIONAL FEES: The Contractor may charge additional nominal fees associated with the Project. The Customer should discuss these additional costs, if any, with the Contractor before signing agreements to begin any Project.

TAX LIABILITY: PSE&G will not be responsible for any tax liability that may be imposed on the Customer as a result of the payment of rebates. The Customer should contact a tax adviser for more information.

FACSIMILE/SCANNED: Facsimile transmission of any signed original document, and the retransmission of any signed facsimile transmission, shall be the same as delivery of the original signed document. Scanned original documents transmitted to PSE&G as an attachment shall be the same as delivery of the original signed document. At the request of PSE&G, the Customer shall confirm documents with a facsimile transmitted signature or a scanned signature by providing the original document.

ENDORSEMENT: PSE&G does not endorse any manufacturer, distributor, product, system design, claim, or contractor in promoting this Program.

INFORMATION RELEASE: The Customer agrees that PSE&G may include the Customer’s name, PSE&G services, and resulting energy savings in reports or other documentation submitted by PSE&G or other New Jersey Utilities to the New Jersey Board of Public Utilities (“NJBPU”). PSE&G will treat all other information gathered in evaluations as confidential and report it only in the aggregate.

LIMITATION OF LIABILITY: The Customer acknowledges and agrees that PSE&G and its Implementation Contractors and each of the New Jersey Utilities' liability is limited to paying the approved HVAC Instant Rebate. The Customer agrees that PSE&G and its Implementation Contractors and the New Jersey Utilities are not liable for any losses, harms, or damages of any nature, whether direct, indirect, incidental, special, or consequential, in any way connected with or resulting from services provided by this Program or participation therein, including any damages relating to safety, health, or well-being. The Customer, on behalf of itself, its heirs, and executors, releases PSE&G, its Implementation Contractors, and the New Jersey Utilities, their parent and affiliated companies, and each of their respective officers, directors, employees, agents and representatives, successors, and/or assigns and agree to hold each of them harmless from all claims, including but not limited to those for injury to persons, including death, or damage to physical and personal property and for all expenses (including attorney's fees and costs) in any way arising from or relating to the Program or the Project.

WARRANTIES: PSE&G DOES NOT WARRANT THE INSTALLATION OR PERFORMANCE OF MEASURES OR INSTALLED EQUIPMENT EXPRESSLY OR IMPLICITLY. PSE&G makes no warranties or representations of any kind, whether statutory, expressed, or implied, including without limitations, warranties of merchantability, or fitness for a particular purpose regarding any energy efficiency measure provided by a participating contractor, manufacturer, or vendor. The Customer may contact the Contractor for details regarding equipment/measure performance and warranties. PSE&G and its Implementation Contractors provide no warranties regarding safety, health, or well-being.

PROPERTY RIGHTS: The Customer represents that it has the right to complete and/or install the energy-saving measures on the property on which those measures are completed and/or installed.

ENERGY SAVINGS AND EVALUATION: PSE&G reserves the right to require evaluation, measurement, and verification (EM&V) tasks performed by PSE&G or its EM&V vendor, with all Program participants. EM&V may include Customer surveys, site visits to verify equipment installation and other data gathering, and the use of Customer energy use and billing information. PSE&G or its EM&V vendor will notify the Customer if surveys or on-site visits are required. EM&V tasks may be performed for up to four years following Program participation. By participating in PSE&G's energy efficiency and peak demand reduction programs, the Customer agrees that its electric utility (which may be PSE&G or one of the New Jersey Utilities) will maintain ownership of all Capacity Rights from electric savings measures, which refers to the demand reduction associated with any energy efficiency and peak demand reduction measures for which incentives were provided by PSE&G or one of the New Jersey Utilities. The Customer's electric utility will aggregate these energy efficiency demand reduction attributes into the PJM capacity market as appropriate, with proceeds being used to reduce the Customers' costs for the program.

CONFIDENTIALITY: PSE&G shall treat as confidential all personal information of the Customer and all information furnished by the Customer as part of the Customer's participation in the Program and all data or information derived therefrom ("Confidential Information"). Confidential Information shall not include (i) information that was already in the possession of a Permitted Recipient (as defined below) at the time of its disclosure; (ii) information that becomes public after disclosure through no fault of a Permitted Recipient; (iii) information that is obtained from a third party that had an unrestricted right to disclose it; (iv) information that is required to be disclosed pursuant to a court order or an applicable law or regulation; and (v) information that is independently developed by a Permitted Recipient. PSE&G may disclose Confidential Information to its employees, contractors, advisors, subcontractors, and representatives who have a need to know such information for purposes of the Program and to the

NJBPU and other New Jersey Utilities ("Permitted Recipients") but shall not otherwise disclose Confidential Information to any other person or entity without the Customer's express authorization. Confidential Information shall not be used for any purpose other than in connection with the Program or to support current or future regulated utility programs authorized by the NJBPU and provided by PSE&G or one or more of the New Jersey Utilities. PSE&G may disclose Confidential Information as may be required by law or court order provided that, unless otherwise prohibited by law, the Customer has been given a reasonable time to take legal action to seek appropriate protection of its Confidential Information. The Customer expressly understands and agrees that PSE&G is required to report to New Jersey regulators on a periodic basis Program data ("Regulatory Reporting") as well as to prepare and submit to New Jersey regulators a Program Evaluation Report. Nothing contained herein shall prohibit PSE&G from disclosing aggregated data, whether or not such aggregated data was derived in whole or in part from Confidential Information.

CUSTOMER'S CERTIFICATION: By signing below, the Customer certifies that it has authorized the installation of the measures detailed on the Incentive Claim Form submitted in connection with this application, provided proof of Low/Moderate Income verification (if applicable) to the Contractor, and reviewed and understands the above Terms and Conditions for participating in PSE&G's HVAC Instant Rebate Program.

CUSTOMER STATEMENT AND REBATE ASSIGNMENT: I certify that I have read, completed, and understand the information on this form. I hereby agree to make my house available to the HVAC Instant Rebate Program for a quality control inspection if requested, and I authorize the Contractor who worked on my project to release information to PSE&G, or its designee, to evaluate my energy use in order to identify potential and actual energy savings. I understand that the PSE&G HVAC Instant Rebate Incentive Claim Form cannot be processed unless the online rebate application is complete, and all supporting documentation has been submitted online by the participating HVAC Instant Rebate Contractor. I also hereby acknowledge that the PSE&G HVAC Instant Rebate in the amount set forth below was provided to me at the time of installation in the form of a discount on the costs of the Project.
