Rebate application

HVAC Efficiency program

HVAC equipment terms and conditions

1. The applicant for Atlantic City Electric's HVAC Efficiency program ("Program") rebate, the details of which are provided in the application to which these terms and conditions are attached and at atlanticcityelectric.com/WaysToSave, must be a residential customer of Atlantic City Electric ("Customer").
2. Rebate applications are valid only for qualified high-efficiency electric equipment purchased and installed between July 1, 2021, and June 30, 2024. The requirements for qualified equipment may be found in the tables on the second page of the rebate application, and such equipment must also meet the requirements of Section 6 below.
3. The rebate application must be submitted within 120 days of installation of the qualified equipment.
4. It is the responsibility of Customer to assure that all requirements for the rebate are met. Failure to provide any of the required information will prevent or delay processing of your application. Please submit one rebate application per unit.
5. Rebate payments are based on the equipment installation date. Customer must abide by the rules and rebate levels in effect on the date of installation. Rebate levels cannot exceed the cost of the equipment.
6. The efficiency levels of the qualified equipment are based on the Air-Conditioning, Heating, and Refrigeration Institute (AHRI) certified performance criteria of an outdoor unit and indoor coil (and/or furnace/blower) working together. These ratings are found on AHRIdirectory.org. All ENERGY STAR certified equipment must be listed at energystar.gov in order to participate in this program. Both the outdoor unit and coil/indoor unit must be replaced and installed as a matched set.
7. The rebate payment will be issued to the account holder at the mailing address on record with Atlantic City Electric or to the submitting contractor as assigned by Customer through their signature on the rebate application.
8. Please allow up to 60 days from the date all required information is received to process your rebate(s).
9. All rebated equipment must be installed and used at Customer's service address specified on the rebate application.
10. Program procedures, requirements, and rebate levels are subject to change or cancellation without notice and are subject to available program funds.
11. By participating in Atlantic City Electric's energy efficiency and peak demand reduction programs, Customer agrees Atlantic City Electric will maintain ownership of all capacity rights from electric savings measures. Capacity rights are the demand reduction associated with any energy efficiency and peak demand reduction measure for which incentives were provided by Atlantic City Electric, which will aggregate these
12. energy efficiency demand reduction attributes into the PJM capacity market as appropriate, with proceeds being used to reduce its customers' costs for the programs.
13. If applying for incentives for natural gas and electric measures at the same time through Atlantic City Electric, Customer is prohibited from applying for the same incentive with their gas company.
14. Atlantic City Electric and/or its designees, including program administrators and evaluation contractors, reserve the right to review installations for equipment subject to the rebate to verify completion and measure energy savings to ensure compliance with all program requirements. Such reviews will be made at a time convenient to Customer. Misrepresentation of installation location or measure eligibility may result in forfeiture of the rebate.
15. Installations of equipment subject to the rebate must be completed in accordance with all laws, codes, and other requirements applicable under federal, state, and local authority.
16. Customer is urged to consult a tax adviser concerning any tax liabilities that could be associated with the receipt of the rebate.
17. Customer agrees that Atlantic City Electric may include Customer's name, Atlantic City Electric services, and resulting energy savings in reports or other documentation prepared for Atlantic City Electric and/or submitted to the New Jersey Board of Public Utilities. Atlantic City Electric will treat all other information gathered for this program as confidential and report it only in the aggregate.
18. Atlantic City Electric and/or its designees, including program administrators, do not endorse any particular manufacturer or product as part of this program.
19. The liability of Atlantic City Electric is limited to paying the rebate, subject to the requirements of the program and these terms and conditions. None of Atlantic City Electric and CLEAResult (the program implementer), their respective parents, subsidiaries or affiliates, or their respective officers, employees, contractors, or agents assume any liability or responsibility for the performance of the equipment subject to the rebate or any equipment warranty, the quality of the installation work, labor and/or materials supplied, and/or the acts or omissions of any Participating Contractor in the program, nor for any consequential or incidental damages, or for any other damages connected with or resulting from Customer's participation in this program.
20. Customer hereby agrees to indemnify, defend, and hold harmless Atlantic City Electric, its parents, subsidiaries and affiliates, and their respective officers, employees, and agents from any and all liability associated with this program.

Acknowledgment

By signing and submitting this application, I agree to the terms and conditions of this document and certify that the information I have provided is true and accurate.

B. INSTRUCTIONS FOR COMPLETING THE REBATE FORM: As the customer, you are responsible to ensure all requirements are met.

Sections A and B of this form	Customer to complete
Section C of this form	Contractor to complete
Section D of this form	Contractor to assist customer in completing
All applications to include a copy of itemized sales receipt showing proof of purchase (marked PAID if proposal) AND proof of permit for gas heating or water heating equipment.	Customer to provide with application

C. IMPORTANT TERMS AND CONDITIONS

1. If the customer portion of the rebate is to be assigned to another party, the customer must authorize this by completing and signing section B of the application form.
2. It is the responsibility of the customer to ensure all requirements for the rebate are met and all required documentation is provided to NJNG.
3. Rebate payments will be based on the equipment purchase date.
4. Failure to provide any of the required information will prevent processing of NJNG's application.
5. **Please allow up to 30 days from the date NJNG receives all required information to process your rebate.**
6. NJNG reserves the right to inspect all installations in order to ensure compliance with all program requirements.
7. Installations of equipment in new homes are not eligible for either participation or rebate in NJNG's SAVEGREEN Rebate program.
8. Program procedures, requirements and rebate levels are subject to change or cancellation without notice.
9. NJNG provides no oversight or control over any contractor services related to this program. Responsibility for proper installation, as well as delivery and workmanship related to any equipment or services the customer procures rests exclusively with the contractor selected by the customer. NJNG assumes no responsibility for oversight of contractor services.
10. One rebate check will be issued to the customer applying for each approved and completed application.
11. NJNG audits its rebate programs as a protection against consumer and/or contractor fraud. Any attempt to defraud NJNG will result in automatic rejection of the rebate application and possible legal action.
12. Installations must be completed in accordance with all laws, codes and other requirements applicable under federal, state and local authority.
13. You are urged to seek appropriate professional advice concerning any tax liabilities that could be associated with the receipt of the rebate.
14. By participating in the NJNG's energy efficiency and peak demand reduction programs, customers agree their electric utility will maintain ownership of all Capacity Rights from electric savings measures, which refers to the demand reduction associated with any energy efficiency or peak demand reduction measures for which incentives were provided by NJNG.

INSTRUCTIONS FOR SUBMITTING THE SAVEGREEN REBATE

1. Keep copies of all above required documents. If contractor is submitting the rebate documents for you, we suggest you request your set of copies to be mailed to you simultaneously.
2. Use this application to apply for one heating equipment or water heater rebate. If applying for more than one heating equipment rebate, separate rebate forms are to be completed for each individual heating unit.
3. **This rebate form is only to be used in conjunction with the ACE electric equipment rebate when submitting rebates for both qualifying electric and gas equipment to ACE for financing purposes. If financing is not involved, please submit your application for eligible gas equipment directly to NJNG. Please include this form (keep copy for yourself), along with required documentation, to the address below:**
