

The HVAC Efficiency program provides rebates for the installation of high-efficiency HVAC equipment to residential customers of Atlantic City Electric. This equipment must be installed by a qualified Participating Contractor, be ENERGY STAR® certified, and meet or exceed all additional requirements. Please submit one application per unit. **Complete this application and email it to [ACErebates@cleareresult.com](mailto:ACErebates@cleareresult.com) or mail to:**

**CLEAResult**

**Attn: Atlantic City Electric HVAC Efficiency program**

**P.O. Box 339**

**Iselin, NJ 08830**

The following must be submitted with the rebate application:

1. A paid invoice dated between July 1, 2021, and December 31, 2024, indicating the type of equipment, installation date, purchase price, model, and serial numbers.
2. An Air-Conditioning, Heating, and Refrigeration Institute (AHRI) certificate, including unit model number, capacity, and efficiency performance ratings. All minimum efficiency ratings must be met to qualify for a rebate.

HVAC Energy Efficiency Systems						
Minimum efficiency requirement	Manufacturer	Condenser model No. outside unit	Condenser serial No. outside unit	Coil model No. inside unit	AHRI certificate No.	Rebate amount
<b>Central air conditioner</b>						
≥ 15.2 SEER2 and ≥ 12 EER2 (Split System)						\$300
≥ 16 SEER2 and ≥ 12 EER2 (Split System)						\$500
≥ 15.2 SEER2 and ≥ 11.5 EER2 (Single Packaged)						\$300
≥ 17.1 SEER2 and ≥ 11.5 EER2 (Single Packaged)						\$500
Was the replaced equipment operational?	<input type="checkbox"/> Yes <input type="checkbox"/> No					
Did you install a furnace with your central air conditioner?	<input type="checkbox"/> Yes <input type="checkbox"/> No <input type="checkbox"/> Furnace is existing <input type="checkbox"/> Furnace model number: _____					
If your AHRI reference number includes a furnace, please provide the furnace model number as this information is required to qualify for the central air conditioner rebate.						
<b>Air source heat pump</b>						
≥ 15.2 SEER2, ≥ 11.7 EER2, and ≥ 7.8 HSPF2 (Split System)						\$600
≥ 17.1 SEER2, ≥ 11.7 EER2, and ≥ 7.8 HSPF2 (Split System)						\$1,000
≥ 15.2 SEER2, ≥ 10.6 EER2, and ≥ 7.2 HSPF2 (Single Packaged)						\$600
≥ 17.1 SEER2, ≥ 10.6 EER2, and ≥ 7.2 HSPF2 (Single Packaged)						\$1,000
Was the replaced equipment operational?	<input type="checkbox"/> Yes <input type="checkbox"/> No					
Did you install a furnace with an air source heat pump?	<input type="checkbox"/> Yes <input type="checkbox"/> No <input type="checkbox"/> Furnace is existing <input type="checkbox"/> Furnace model number: _____					
If your AHRI reference number includes a furnace, please provide the furnace model number as this information is required to qualify for the heat pump rebate.						
<b>Air source heat pump—cold climate (COP 1.75 at 5 degrees F)</b>						
≥ 15.2 SEER2, ≥ 10 EER2, and ≥ 8.1 HSPF2						\$1,000
<b>Ductless mini-split heat pump</b>						
Single: ≥ 20 SEER2, ≥ 12 EER2, and ≥ 9 HSPF2						\$400
Multi: ≥ 18 SEER2, ≥ 12 EER2, and ≥ 9 HSPF2						\$400
Was the replaced equipment operational?	<input type="checkbox"/> Yes <input type="checkbox"/> No					
Is this item the primary or secondary HVAC system?	<input type="checkbox"/> Primary <input type="checkbox"/> Secondary					
<b>Ductless mini-split A/C</b>						
≥ 20 SEER2 and ≥ 12.5 EER2						\$500
Was the existing equipment operational?	<input type="checkbox"/> Yes <input type="checkbox"/> No					
Is this item the primary or secondary HVAC system?	<input type="checkbox"/> Primary <input type="checkbox"/> Secondary					

Measures	Minimum requirements	Manufacturer	Model No.	Serial No.	Rebate amount
Furnace fans (ECM motor install)	Purchase and installation of a high-efficiency brushless permanent magnet fan motor (BPM) or electronically commutated motor (ECM) to replace a permanent split capacitor (PSC) motor. <b>Only eligible on existing equipment.</b>				\$100
Does the residence have central cooling?		<input type="checkbox"/> Yes <input type="checkbox"/> No			

Measures	Minimum requirements	Manufacturer/ Model No.	Serial No.	If smart thermostat controls natural gas heating, choose gas utility	Gas account No.	Rebate amount
Smart thermostat (limit 2 per customer per premises)	New installation or replacement of a manual or conventional programmable thermostat with ENERGY STAR certified thermostat, as part of an HVAC install.			<input type="checkbox"/> South Jersey Gas <input type="checkbox"/> New Jersey Natural Gas <input type="checkbox"/> Public Service Electric & Gas		\$100
<b>For smart thermostat purchases</b>						
Will the smart thermostat control A/C?		<input type="checkbox"/> Yes <input type="checkbox"/> No				
What type of heating will the smart thermostat control?		<input type="checkbox"/> Electric <input type="checkbox"/> Natural gas <input type="checkbox"/> Other <input type="checkbox"/> None				
What type of HVAC system will the smart thermostat control?		<input type="checkbox"/> ASHP <input type="checkbox"/> GSHP <input type="checkbox"/> Furnace <input type="checkbox"/> Resistance <input type="checkbox"/> Boiler <input type="checkbox"/> Unknown				

### Enhanced rebate for low- to moderate-income customers (up to 400% FPIG)

Eligible customers may receive an additional \$200 rebate per unit for all qualified HVAC equipment, excluding smart thermostats and furnace fans. To take advantage of this offer, please provide one of the following proofs of eligibility to your installation contractor prior to project completion.

Do you live in a low- to moderate-income census tract area?  Yes  No

To see if you qualify, visit: <https://geomap.ffiec.gov/FFIECGeocMap/GeocodeMap1.aspx>

Do you participate in one of the following safety net programs?

- General Assistance (GA)
- Lifeline
- Low Income Home Energy Assistance Program (LIHEAP)
- New Jersey SHARES (NJ SHARES)
- Payment Assistance for Gas and Electric (PAGE)
- Pharmaceutical Assistance to the Aged and Disabled (PAAD)
- Section 8 Housing Assistance
- Supplemental Security Income (SSI)
- Supplemental Nutrition Assistance Program (SNAP)
- Temporary Assistance for Needy Families (TANF)
- Universal Service Fund (USF)

### LMI Verification Acknowledgment

By signing here, I acknowledge that the proof of information provided to my installation contractor and selected above is accurate. I understand that I may be contacted by Atlantic City Electric to confirm and verify proof of eligibility at a later date. Furthermore, I understand that if I give false information or withhold information in order to make myself eligible for benefits that I am not entitled to, I can be prosecuted to the fullest extent of the law.

### HVAC Equipment Terms and Conditions

1. The applicant for Atlantic City Electric’s HVAC Efficiency program (“Program”) rebate, the details of which are provided in the application to which these terms and conditions are attached and at [atlanticcityelectric.com/WaysToSave](http://atlanticcityelectric.com/WaysToSave), must be a residential customer of Atlantic City Electric (“Customer”).
2. Rebate applications are valid only for qualified high-efficiency electric equipment purchased and installed between July 1, 2021, and December 31, 2024. The requirements for qualified equipment may be found in the tables on the second page of the rebate application, and such equipment must also meet the requirements of Section 6 below.
3. The rebate application must be submitted within 120 days of installation of the qualified equipment.
4. It is the responsibility of Customer to ensure that all requirements for the rebate are met. Failure to provide any of the required information will prevent or delay processing of the application. Please submit one rebate application per unit.
5. Rebate payments are based on the equipment installation date. Customer must abide by the rules and rebate levels in effect on the date of installation. Rebate levels cannot exceed the cost of the equipment.
6. The efficiency levels of the qualified equipment are based on the Air-Conditioning, Heating, and Refrigeration Institute (AHRI) certified performance criteria of an outdoor unit and indoor coil (and/or furnace/blower) working together. These ratings are found on [AHRIdirectory.org](http://AHRIdirectory.org). All ENERGY STAR certified equipment must be listed at [energystar.gov](http://energystar.gov) in order to participate in this program. Both the outdoor unit and coil/indoor unit must be replaced and installed as a matched set.
7. The rebate payment will be issued to the account holder at the mailing address on record with Atlantic City Electric or to the submitting contractor as assigned by Customer through their signature on the rebate application.
8. Please allow up to 60 days from the date all required information is received to process your rebate(s).
9. All rebated equipment must be installed and used at Customer’s service address specified on the rebate application.
10. Program procedures, requirements, and rebate levels are subject to change or cancellation without notice and are subject to available program funds.
11. By participating in Atlantic City Electric’s energy efficiency and peak demand reduction programs, Customer agrees Atlantic City Electric will maintain ownership of all capacity rights from electric savings measures. Capacity rights are the demand reduction associated with any energy efficiency and peak demand reduction measure for which incentives were provided by Atlantic City Electric, which will aggregate these energy efficiency demand reduction attributes into the PJM capacity market as appropriate, with proceeds being used to reduce its customers’ costs for the programs.
12. If applying for incentives for natural gas and electric measures at the same time through Atlantic City Electric, Customer is prohibited from applying for the same incentive with their gas company.
13. Atlantic City Electric and/or its designees, including program administrators and evaluation contractors, reserve the right to review installations for equipment subject to the rebate to verify completion and measure energy savings to ensure compliance with all program requirements. Such reviews will be made at a time convenient to Customer. Misrepresentation of installation location or measure eligibility may result in forfeiture of the rebate.
14. Installations of equipment subject to the rebate must be completed in accordance with all laws, codes, and other requirements applicable under federal, state, and local authority.
15. Customer is urged to consult a tax adviser concerning any tax liabilities that could be associated with the receipt of the rebate.
16. Customer agrees that Atlantic City Electric may include Customer’s name, Atlantic City Electric services, and resulting energy savings in reports or other documentation prepared for Atlantic City Electric and/or submitted to the New Jersey Board of Public Utilities. Atlantic City Electric will treat all other information gathered for this program as confidential and report it only in the aggregate.
17. Atlantic City Electric and/or its designees, including program administrators, do not endorse any particular manufacturer or product as part of this program.
18. The liability of Atlantic City Electric is limited to paying the rebate, subject to the requirements of the program and these terms and conditions. None of Atlantic City Electric and CLEAResult (the program implementer), their respective parents, subsidiaries or affiliates, or their respective officers, employees, contractors, or agents assume any liability or responsibility for the performance of the equipment subject to the rebate or any equipment warranty, the quality of the installation work, labor and/or materials supplied, and/or the acts or omissions of any Participating Contractor in the program, nor for any consequential or incidental damages, or for any other damages connected with or resulting from Customer’s participation in this program.
19. Customer hereby agrees to indemnify, defend, and hold harmless Atlantic City Electric, its parents, subsidiaries and affiliates, and their respective officers, employees, and agents from any and all liability associated with this program.

### Acknowledgment

## Heating and Water Heating Rebate Application Instructions, Terms and Conditions.

Equipment purchased and installed between July 1, 2023, and December 31, 2024.

### A. TO QUALIFY FOR YOUR REBATE

1. You must purchase and install between July 1, 2023, and December 31, 2024, a qualified high-efficiency furnace, boiler, or water heater, in a home that is currently supplied with natural gas directly from New Jersey Natural Gas Company (NJNG).
2. The equipment must meet the efficiency levels in the table below, based on the Air Conditioning, Heating and Refrigeration Institute (AHRI) Directory of Certified Efficiency Ratings. Conversion burners are not eligible.
3. All rebate application forms (including all supporting documents) must be received within 120 days of purchase date. **NJNG RESERVES THE RIGHT, WITH THE APPROVAL FROM THE STATE OF NEW JERSEY BOARD OF PUBLIC UTILITIES, TO TERMINATE, MODIFY, SUSPEND OR EXTEND THIS REBATE PROGRAM. THIS REBATE PROGRAM WILL END ON DECEMBER 31, 2024, OR ONCE THE APPROVED FUNDING HAS BEEN EXHAUSTED, WHICHEVER COMES FIRST. PLEASE SUBMIT THE REBATE APPLICATION AS EARLY AS POSSIBLE.**

Equipment Type	Minimum Efficiency Level AHRI-qualified product lists may be found at <a href="http://www.ahridirectory.org">www.ahridirectory.org</a> .	Rebate Amount
Natural Gas Furnace	Tier 1 Annual Fuel Utilization Efficiency (AFUE) $\geq$ 95-96.9%	\$1,000
	Tier 2 AFUE $\geq$ 97%	\$1,500
Natural Gas Combi Heat	Tier 1 AFUE $\geq$ 95%	\$1,300
	Tier 2 AFUE $\geq$ 97%	\$1,750
Natural Gas Boiler	AFUE $\geq$ 90-94.9% as rated by AHRI	\$850
	AFUE $\geq$ 95% as rated by AHRI	\$1,000
Qualifying Natural Gas Heat with Qualifying Natural Gas Water Heater	Qualifying water heater paired with a $\geq$ 95-96.9% AFUE furnace	\$1,500
	Qualifying water heater paired with a $\geq$ 97% AFUE furnace	\$2,000
	Qualifying water heater coupled with a $\geq$ 90-94.9% AFUE boiler	\$1,350
	Indirect or other qualifying water heater coupled with a $\geq$ 95% AFUE boiler	\$1,300
Natural Gas Power-Vented Water Heater	Tank water heater <55 gallons with a UEF $\geq$ .64 med. draw, $\geq$ .68 high draw*	\$500
	Tank water heater $\geq$ 55 gallons with a UEF $\geq$ .78 medium draw, $\geq$ .80 high draw*	\$750
Indirect Water Heater	When paired with a AFUE 90% natural gas boiler	\$250
Tankless Natural Gas Water Heater	UEF $\geq$ .87	\$750
Smart Thermostat	ENERGY STAR®-certified only eligible when paired with HVAC installation	\$100

\*Power/Direct Vent (i.e. No Category I Venting)

Qualified homeowners may be eligible for an additional \$200 incentive per unit for the purchase of qualified equipment (above) excluding smart thermostats. Questions about rebates and incentives? **To see if you qualify, go to the Income-Qualified Enhanced Benefits Customer Certification and Application form found on the “Applications and Instructions” page on [savegreen.com](http://savegreen.com) or call 877-455-NJNG (6564).**

### B. INSTRUCTIONS FOR COMPLETING THE REBATE FORM: As the customer, you are responsible to ensure all requirements are met.

Sections A and B of this form	Customer to complete
Section C of this form	Contractor to complete
Section D of this form	Customer to complete
All applications to include a copy of itemized sales receipt showing proof of purchase (marked PAID if proposal) AND proof of permit or a copy of the permit application for natural gas heating or water heating equipment.	Customer to provide with application

**C. IMPORTANT TERMS AND CONDITIONS**

<ol style="list-style-type: none"> <li>1. If the customer portion of the rebate is to be assigned to another party, the customer must authorize this by completing and signing section B of the application form.</li> <li>2. It is the responsibility of the customer to ensure all requirements for the rebate are met and all required documentation is provided to NJNG.</li> <li>3. Rebate payments will be based on the equipment purchase date.</li> <li>4. Failure to provide any of the required information will prevent processing of NJNG's rebate application.</li> <li>5. <b>Please allow up to 60 days from the date NJNG receives <u>all required information to process your rebate.</u></b></li> <li>6. NJNG reserves the right to inspect all installations to ensure compliance with all program requirements.</li> <li>7. Installations of equipment in new homes are not eligible for NJNG's rebates.</li> <li>8. Program procedures, requirements and rebate levels are subject to change or cancellation without notice.</li> <li>9. NJNG provides no oversight or control over any contractor services related to this program. Responsibility for proper installation, as well as delivery and workmanship related to any equipment or services the customer procures rests exclusively with the contractor selected by the customer. NJNG assumes no responsibility for oversight of contractor services.</li> </ol>	<ol style="list-style-type: none"> <li>10. One rebate check will be issued to the customer applying for each approved and completed application.</li> <li>11. NJNG audits its rebate programs as a protection against consumer and/or contractor fraud. Any attempt to defraud NJNG will result in automatic rejection of the rebate application and possible legal action.</li> <li>12. Installations must be completed in accordance with all laws, codes and other requirements applicable under federal, state and local authority.</li> <li>13. You are urged to seek appropriate professional advice concerning any tax liabilities that could be associated with the receipt of the rebate.</li> <li>14. By participating in the NJNG's energy-efficiency and peak-demand reduction programs, customers agree their electric utility will maintain ownership of all Capacity Rights from electric savings measures, which refers to the demand reduction associated with any energy efficiency or peak demand reduction measures for which incentives were provided by NJNG.</li> <li>15. If you are applying for incentives for natural gas and electric measures at the same time through NJNG, you are prohibited from applying for the same incentive with your electric company.</li> </ol>
-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------	---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------

**D. INSTRUCTIONS FOR SUBMITTING THE SAVEGREEN REBATE**

1. Keep copies of all above required documents. If contractor is submitting the rebate documents for you, we suggest you request your set of copies to be mailed to you simultaneously.
2. Please note, you can only apply for incentives through one utility – you cannot submit rebate applications to multiple utilities for the same qualifying equipment. Send signed rebate form (keep a copy for yourself), along with the abovementioned documents, to the address below:

**New Jersey Natural Gas  
 SAVEGREEN  
 1415 Wyckoff Road, Wall, NJ  
 07719**

I read, understand and agree to the instructions, terms and conditions set forth above.
