

The HVAC Efficiency program provides rebates for the installation of high-efficiency HVAC equipment to residential customers of Atlantic City Electric. This equipment must be installed by a qualified Participating Contractor, be ENERGY STAR® certified, and meet or exceed all additional requirements. Please submit one application per unit. Only apply for rebates through either your gas or electric company—do not apply to both utilities.

Complete this application and email it to ACErebates@clearesult.com or mail to:

CLEAResult

Attn: Atlantic City Electric HVAC Efficiency program

16350 Felton Road

Lansing, MI 48906

The following must be submitted with the rebate application:

1. A paid invoice dated between Jan. 1, 2025, and June 30, 2027, indicating the type of equipment, installation date, purchase price, model, and serial numbers.
2. An Air-Conditioning, Heating, and Refrigeration Institute (NEEP/AHRI) certificate, including unit model number, capacity, and efficiency performance ratings. All minimum efficiency ratings must be met to qualify for a rebate. If installing an Air Source Heat Pump–Cold Climate System, verify COP rating using [NEEP Product List](#).
3. All fields below must be answered and information must be completed for your rebate to be processed.
4. You must submit one of the following showing the model and serial numbers of all units: a copy of the UPC label, distributor's invoice, photo of the nameplate, or warranty registration confirmation.
5. If you are applying for a qualifying gas measure, a photo of the previously existing/old furnace or boiler with flue visible is required to be submitted with this application to be eligible.
6. Exclusion: Equipment installations in newly constructed homes are not eligible for this program. Rebates will only apply for the replacement of inefficient, non-condensing models with new, high-efficiency models. Replacing an existing model will not be eligible.
7. Apply for rebates through either your gas or electric company. Do not apply to both utilities.

Please provide the following information in addition to the product details applicable below:

1. Is the existing unit still in working order? ☐ Yes ☐ No
2. A photo of the existing unit(s)

Please ensure that all fields are complete. Incomplete information could delay or disqualify your rebate.

Customer Information			
Name (account holder on record):		Account Number:	
Installation Address:			
City:		State: NJ	ZIP:
Contact Phone Number:			
Email Address:		Date Installed:	
How many residents reside in the home?			
Type of Residence: ☐ Single Family ☐ Multifamily (2–4 units) ☐ Townhouse ☐ Mobile Home			
Is this system installed as part of a new home construction project? ☐ Yes ☐ No			
What is the fuel type of the equipment being replaced? ☐ Electric ☐ Natural Gas ☐ Propane ☐ Other: _____			
How did you hear about this program: ☐ Bill Insert ☐ Website ☐ Contractor ☐ Email ☐ Family/Friend ☐ Advertising			
Existing Cooling System Type: ☐ Air Source Heat Pump ☐ Ground Source Heat Pump ☐ Central Air Conditioner ☐ Mini-Split Heat Pump			
Existing Heating System Type: ☐ Gas-Fired Warm Air Furnace ☐ Gas-Fired Hot Water Boiler ☐ Gas-Fired Steam Boiler			

Please ensure that all fields are complete. Incomplete information could delay or disqualify your rebate.

Participating Contractor Information

Distributor Name:	Contractor Name:	
Participating Contractor Company Mailing Address:		
City:	State:	ZIP:
Email Address:	Phone Number:	
HVAC License Number:	Payment Should Be Issued to: ☐ Customer ☐ Participating Contractor	
If payment is for Participating Contractor, then Participating Contractor must supply a W-9 form or have one on file.		
☐ I am submitting an application and certify that I am assigning the full rebate to the Participating Contractor listed on this application. I understand that the rebate I qualify for has been applied as a discount off the purchase price of an eligible product of the Atlantic City Electric residential HVAC Efficiency program.		
Signature required only if rebate is being assigned to the Participating Contractor.

HVAC Energy Efficiency Systems

Minimum Efficiency Requirement	Manufacturer	Condenser Model No., Outside Unit	Condenser Serial No., Outside Unit	Coil Model No., Inside Unit	AHRI Certificate No.	Rebate Amount
Central Air Conditioner						
≥ 15.2 SEER2 and ≥ 12 EER2 (split system)						\$100
≥ 17 SEER2 and ≥ 12 EER2 (split system)						\$200
Was the replaced equipment operational?	☐ Yes ☐ No					
Did you install a furnace with your central air conditioner?	☐ Yes ☐ No ☐ Furnace Is Existing ☐ Furnace Model Number: _____					
If your AHRI reference number includes a furnace, please provide the furnace model number, as this information is required to qualify for the central air conditioner rebate.						

Please ensure that all fields are complete. Incomplete information could delay or disqualify your rebate.

Minimum Efficiency Requirement	Manufacturer	Condenser Model No., Outside Unit	Condenser Serial No., Outside Unit	Coil Model No., Inside Unit	AHRI Certificate No.	Rebate Amount
Air Source Heat Pump						
≥ 15.2 SEER2, ≥ 11.7 EER2 and ≥ 7.8 HSPF2 (split system)						\$500
≥ 17.1 SEER2, ≥ 11.7 EER2 and ≥ 7.8 HSPF2 (split system)						\$750
SEER2 ≥ 17.1, EER2 ≥ 11.7, HSPF2 ≥ 7.8 (mini-split heat pumps)						\$750
≥ 15.2 SEER2, ≥ 10 EER2 and ≥ 8.1 HSPF2, COP ≥ 1.75 at 5°F (cold climate, all types ducted and ductless)*						\$2,000†
Was the replaced equipment operational?	☐ Yes ☐ No					
Did you install a furnace with an air source heat pump?	☐ Yes ☐ No ☐ Furnace Is Existing ☐ Furnace Model Number: _____					
Will furnace continue to be used?	☐ Yes ☐ No					
If your AHRI reference number includes a furnace, please provide the furnace model number, as this information is required to qualify for the heat pump rebate.						
Is this item replacing a furnace or boiler? ☐ Yes ☐ No If no, what is the existing equipment type being replaced? _____						
For mini-splits: Is this item the primary or secondary HVAC system?			☐ Primary ☐ Secondary			

Measures	Minimum Requirements	Manufacturer	Model No.	Serial No.	Rebate Amount
Furnace Fans (ECM motor install)	Purchase and installation of a high-efficiency brushless permanent magnet fan motor or electronically commutated motor (ECM) to replace a permanent split capacitor motor. Only eligible on existing equipment.				\$100
Does the residence have central cooling?		☐ Yes ☐ No			

Measures	Minimum Requirements	Manufacturer/ Model No.	Serial No.	If Smart Thermostat Controls Natural Gas Heating, Choose Gas Utility	Gas Account No.	Rebate Amount
ENERGY STAR Smart Thermostat (limit two per customer per premises)	New installation or replacement of a manual or conventional programmable thermostat as part of an HVAC install.			☐ South Jersey Gas ☐ New Jersey Natural Gas ☐ Public Service Electric & Gas		\$150†

*Must be NEEP/AHRI certified.

† Additional rebates available on cold climate heat pumps and smart thermostats from April 1, 2026, through Dec. 31, 2026.

Please ensure that all fields are complete. Incomplete information could delay or disqualify your rebate.

For ENERGY STAR Rated Smart Thermostat Purchases	
Purchase Date	
Total Installation Cost (equipment and labor)	\$
Will the smart thermostat control A/C?	☐ Yes ☐ No
What type of heating will the smart thermostat control?	☐ Electric ☐ Natural Gas ☐ Other ☐ None
What type of HVAC system will the smart thermostat control? (Select all that apply.)	☐ ASHP ☐ GSHP ☐ Furnace ☐ MSHP ☐ Boiler ☐ Central Air Conditioner ☐ Unknown

Heat Pump Water Heaters		
Equipment (AHRI Rated)	New Minimum Efficiency Requirements	Rebate
Heat Pump Water Heater	ENERGY STAR certified	\$750
Does the new water heater replace the same type of unit? ☐ Yes ☐ No If no, what is the existing unit being replaced? Manufacturer: _____ Model: _____ Serial Number: _____ Rebate Amount: \$ _____		
If installing a heat pump water heater, please check all boxes describing the installation location. ☐ Unconditioned ☐ Basement Garage ☐ Conditioned Basement If in a conditioned space, provide HVAC or cooling system type. ☐ Central Air Conditioner ☐ Air Source Heat Pump ☐ Ground Source Heat Pump ☐ Mini-Split Heat Pump		

Geothermal Heat Pumps—ENERGY STAR Certified	Manufacturer	Model No.	Serial No.	Pump Model Number (optional)	Pump Horsepower of Efficient Unit (required)
☐ Replacing ground source heat pump/electric forced air furnace/central air conditioner*					
☐ Replacing electric forced air furnace/central air conditioner					
Does installation include a desuperheater?	☐ Yes ☐ No		Was the replaced equipment operational?	☐ Yes ☐ No	

HVAC Equipment
Electric Measure #1: Manufacturer: _____ Model: _____ AHRI Certificate Number: _____ Outdoor Serial Number: _____ Indoor Serial Number: _____
Electric Measure #2: Manufacturer: _____ Model: _____ AHRI Certificate Number: _____ Outdoor Serial Number: _____ Indoor Serial Number: _____
Gas Measure #1: Manufacturer: _____ Model: _____ AHRI Certificate Number: _____ Serial Number: _____
Gas Measure #2: Manufacturer: _____ Model: _____ AHRI Certificate Number: _____ Serial Number: _____

*Ground source heat pumps must be ENERGY STAR certified or meet minimum efficiency requirements: Open Loop EER 21.1, COP 4.1 or Closed Loop EER 17.1, COP 3.6.
 The rebate amount for replacing a ground source heat pump will be half of the project cost, not to exceed \$2,500.
 The rebate amount for replacing an air source heat pump, electric forced air furnace/central air conditioner will be half of the project cost, not to exceed \$10,000.

Please ensure that all fields are complete. Incomplete information could delay or disqualify your rebate.

Existing/New Equipment

Is the existing electric and/or gas equipment still in working condition? ☐ Yes ☐ No
If no, what is the existing equipment type being replaced?

What is the efficiency of the existing heating equipment?

Does the new unit replace the same type of equipment? ☐ Yes ☐ No
If no, what is the existing equipment type being replaced?

Enhanced Rebate for Low- to Moderate-Income (LMI) Customers (up to 400% FPIG)

Eligible customers may receive a \$300 rebate per unit for all qualified HVAC equipment, excluding smart thermostats, furnace fans, and geothermal equipment.* To take advantage of this offer, please provide one of the following proofs of eligibility to your installation contractor prior to project completion.

Do you live in a low- to moderate-income census tract area? ☐ Yes ☐ No

To see if you qualify, visit: <https://geomap.ffiec.gov/FFIECGeocMap/GeocodeMap1.aspx>

Do you participate in one of the following safety net programs?

- ☐ General Assistance (GA)
- ☐ Lifeline
- ☐ Low Income Home Energy Assistance Program (LIHEAP)
- ☐ New Jersey SHARES (SHARES)
- ☐ Payment Assistance for Gas and Electric (PAGE)
- ☐ Pharmaceutical Assistance to the Aged and Disabled (PAAD)
- ☐ Section 8 Housing Assistance
- ☐ Supplemental Security Income (SSI)
- ☐ Supplemental Nutrition Assistance Program (SNAP)
- ☐ Temporary Assistance for Needy Families (TANF)
- ☐ Universal Service Fund (USF)

LMI Verification Acknowledgment

By signing here, I acknowledge that the proof of information provided to my installation contractor and selected above is accurate. I understand that I may be contacted by Atlantic City Electric to confirm and verify proof of eligibility at a later date. Furthermore, I understand that if I give false information or withhold information in order to make myself eligible for benefits that I am not entitled to, I can be prosecuted to the fullest extent of the law.

*LMI customers are ineligible for the additional \$300 geothermal enhanced rebate. The geothermal rebate applies only to customers replacing an electric heating system. Customers replacing fossil fuel systems should refer to the building decarbonization program, which follows a different incentive and requirement structure.

HVAC Equipment Terms and Conditions

1. The applicant for Atlantic City Electric's HVAC Efficiency program ("Program") rebate, the details of which are provided in the application to which these terms and conditions are attached and at atlanticcityelectric.com/WaysToSave, must be a residential customer of Atlantic City Electric ("Customer").
2. Rebate applications are valid only for qualified high-efficiency electric equipment purchased and installed between Jan. 1, 2025, and June 30, 2027. The requirements for qualified equipment may be found in the tables beginning on the second page of the rebate application, and such equipment must also meet the requirements of Section 6 below.
3. The rebate application must be submitted within 120 days of installation of the qualified equipment.
4. It is the responsibility of Customer to ensure that all requirements for the rebate are met. Failure to provide any of the required information will prevent or delay processing of the application. Please submit one rebate application per unit.
5. Rebate payments are based on the equipment installation date. Customer must abide by the rules and rebate levels in effect on the date of installation. Rebate levels cannot exceed the cost of the equipment.
6. The efficiency levels of the qualified equipment are based on the Air-Conditioning, Heating, and Refrigeration Institute (AHRI) certified performance criteria of an outdoor unit and indoor coil (and/or furnace/blower) working together. These ratings are found on AHRIdirectory.org. All ENERGY STAR certified equipment must be listed at energystar.gov in order to participate in this program. Both the outdoor unit and coil/indoor unit must be replaced and installed as a matched set.
7. The rebate payment will be issued to the account holder at the mailing address on record with Atlantic City Electric or to the submitting contractor as assigned by Customer through their signature on the rebate application.
8. Please allow up to 60 days from the date all required information is received to process your rebate(s).
9. All rebated equipment must be installed and used at Customer's service address specified on the rebate application.
10. Program procedures, requirements, and rebate levels are subject to change or cancellation without notice and are subject to available program funds.
11. By participating in Atlantic City Electric's energy efficiency and peak demand reduction programs, Customer agrees Atlantic City Electric will maintain ownership of all capacity rights from electric savings measures. Capacity rights are the demand reduction associated with any energy efficiency and peak demand reduction measure for which incentives were provided by Atlantic City Electric, which will aggregate these energy efficiency demand reduction attributes into the PJM capacity market as appropriate, with proceeds being used to reduce its customers' costs for the programs.
12. If applying for incentives for natural gas and electric measures at the same time through Atlantic City Electric, Customer is prohibited from applying for the same incentive with their gas company.
13. Atlantic City Electric and/or its designees, including program administrators and evaluation contractors, reserve the right to review installations for equipment subject to the rebate to verify completion and measure energy savings to ensure compliance with all program requirements. Such reviews will be made at a time convenient to Customer. Misrepresentation of installation location or measure eligibility may result in forfeiture of the rebate.
14. Installations of equipment subject to the rebate must be completed in accordance with all laws, codes, and other requirements applicable under federal, state, and local authority.
15. Customer is urged to consult a tax adviser concerning any tax liabilities that could be associated with the receipt of the rebate.
16. Customer agrees that Atlantic City Electric may include Customer's name, Atlantic City Electric services, and resulting energy savings in reports or other documentation prepared for Atlantic City Electric and/or submitted to the New Jersey Board of Public Utilities. Atlantic City Electric will treat all other information gathered for this program as confidential and report it only in the aggregate.
17. Atlantic City Electric and/or its designees, including program administrators, do not endorse any particular manufacturer or product as part of this program.
18. The liability of Atlantic City Electric is limited to paying the rebate, subject to the requirements of the program and these terms and conditions. None of Atlantic City Electric and CLEAResult (the program implementer), their respective parents, subsidiaries or affiliates, or their respective officers, employees, contractors, or agents assume any liability or responsibility for the performance of the equipment subject to the rebate or any equipment warranty, the quality of the installation work, labor and/or materials supplied, and/or the acts or omissions of any Participating Contractor in the program, nor for any consequential or incidental damages, or for any other damages connected with or resulting from Customer's participation in this program.
19. Customer hereby agrees to indemnify, defend, and hold harmless Atlantic City Electric, its parents, subsidiaries, and affiliates, and their respective officers, employees, and agents from any and all liability associated with this program.

Acknowledgment

By signing and submitting this application, I agree to the terms and conditions of this document and certify that the information I have provided is true and accurate.
